Dear Hiring Manager,

My name is Piyush Kumar and I have completed my Master's degree of Arts in Social Work (Public Health) from the Tata Institute of Social Science from Guwahati Campus, where I gained a comprehensive understanding of various aspects of public health practice. My coursework covered topics such as epidemiology, biostatistics, health policy, Community health, environmental health, and social determinants of health. With my educational background, professional experience, and passion for improving community health, I believe I am well-suited to contribute to the impactful work carried out by your esteemed organization.

As a part of MSW studies, I have gained a strong understanding of social issues related to health, livelihood, education, nutrition, gender imbalance and environmental sustainability. Throughout my academic journey, I attended a number of internships, which qualified me to work in diverse settings. During my internship period, I played a key role in formulating the training manual & Questionnaires for the organizations, participated in two child laborer's rescue operations, conducted research for different public health programs and have also served as a Medical Lab Technician at People's Hospital, Bhopal.

I am deeply committed to making a positive impact on the well-being of individuals and communities. I am excited about the opportunity to contribute my skills, knowledge, and passion to the important work being done at your organization. I have attached my resume for your review, which provides further details on my qualifications and experiences. I would welcome the chance to discuss how my skills and expertise align with the requirements of the position. I am available for an interview at your convenience, and I am open to meeting in person or through a video call.

Thank you for considering my application. I look forward to the possibility of joining your organization and contributing to goal of the organization. Please contact me via call or mail. Thank you for your attention and consideration.

Sincerely

Piyush Kumar
